

## The R with the Halo

One definition for "holy" is "worthy of complete devotion as one perfect in goodness and righteousness." The definition of "halo" is "the aura of glory, veneration, or sentiment surrounding an idealized person or thing."

The "R" represents reality. The halo over the R symbolizes that reality is holy to us. It symbolizes that reality is worthy of devotion. The halo says that we consider reality to be an idealized glorious thing. That is what makes the Church of Reality a religion and not just science or a philosophy.
